NIGHT RIDERS RAMPANT IN THREE COUNTIES

Many Farmers Are Threatened
For Selling Tobacco; Gov-
ernor to Act

Lexington, Ky., Jan. 24.—Night-riders appeared in the burley district of the State Saturday night and Sunday morning when a band of about twenty-five or thirty-five masked and armed men called from their beds farmers and growers of tobacco in a twenty-mile circle in Bath and Fleming Counties, and threatened them with personal violence. Montgomery County farmers also were visited.

Reports show that about fifteen farmers were visited, but the names of only five were disclosed by the authorities. They are:

T. S. Robertson, Bethel, Bath County; Thomas Croath, Jake Boyd and a farmer named Stevens, Bath County; W. T. Shields, and a truck driver named Tomlin, Sherbourne, Fleming County.

Begin On County Line

The men began operations near the line between Bath and Fleming Counties, as first reports of threats were received from Sherbourne, near Flemingsburg. From some point not yet determined by the county authorities they proceeded toward Bethel, rousing several farmers on the way. When these went to the door the nightriders laughed and told them they were "looking for a doctor."

T. S. Robertson, wealthy farmer, was called from his home about 11:30 o'clock Saturday night. Before his house he saw about twenty-five men, mounted, masked and armed. Four nightriders approached him on foot, with their backs to him, and warned him not to raise any tobacco next year, and not to sell or haul any this season.

He told county officers that he replied defiantly, and said that he had no intention of obeying the orders. Then the spokesman for the nightriders threatened arson and personal violence.

When they were ready to leave, they made him face away from the road, and told him that if he looked around as they were leaving that they would "put a bullet through him."

Other Farmers Warned

This point marked the farthest toward the nightriders, and the men swung back in the direction of the Fleming County line.

On the way they awakened Thomas Croath, Jake Boyd, and a farmer named Stevens, and repeated the warning they had given Robertson. At these places shots were fired as the band left, but no damage was done, the intention being, apparently, to scare the farmers.

At Sherbourne, W. T. Shields, and a truck driver named Tomlin were summoned to their doors and warned not to haul any more tobacco to market in their trucks, under threat of punishment. No damage was reported.

County authorities of Bath were investigating the reports all day Sunday, but at a late hour had not been able to obtain any information pointing to the identity of the men composing the band.

Frankfort, Ky., Jan. 24.—If investigations of reported night riding in Bath and Fleming Counties, now being made for him by County Attorney D. W. Doggett and Sheriff Walter Boyd of Bath, reveal threats by bands of armed men, Governor Morrow said today, he will ask the Circuit Court there to impanel a special grand jury to indict those responsible. County Attorney J. D. Pumphrey of Fleming told the Governor that no report of trouble in Fleming County had reached him.

The Governor said that he would place all forces of the State behind the local authorities to stop such practices.

UNAUTHORIZED CLERKS IN ADJT. GENERALS OFFICE

Frankfort, Ky., Jan. 23.—"I find that the salary list has been burdened with extra and unauthorized clerks, stenographers and war sec-

ord compilers, and that where detachments of soldiers are sent out on emergency calls meals and lodging have been charged at unreasonable prices," declared State Inspector and Examiner Henry E. James, in a report on the office of adjutant general covering a period from July 1, 1918, to June 30, 1920.

BOY SERIOUSLY INJURED WHEN STRUCK BY AUTO

Richard Brawner, 9 year old grandson of Mrs. Emma Hudson, of this city, was seriously injured when an automobile driven by William Alford Davidson, son of Mr. and Mrs. Ed Davidson, run against him at about 2:30 Sunday afternoon. The boy had been out walking with Mrs. Horace Pendleton and his aunts, Misses Edna and Anna Hudson, and the ladies were sitting on the stacks of saw logs near the depot while he was playing just across the street.

The street between the logs and the railroad is exceedingly narrow and seeing a car approaching along the narrow passage one of the ladies called to the boy to cross the street and then seeing that the auto was too near she told him not to cross. While the little fellow was hesitating the fender of the car struck him and those who were present seem to be uncertain as to whether or not the car passed over his body. His right leg was broken about three inches above the knee and a good sized gash cut in the back of his head.

Besides the driver his little brother was in the car, and they were so excited that instead of placing the injured boy in the car and taking him home or to a physician they motored on up town but later secured physicians A. B. Riley and H. H. Pendleton, who dressed the injuries, after the boy had been hauled home in a buggy. He was getting along reasonably well at the hour of going to press.

MURDERER OF EX-SOLDIER TO SERVE PRISON TERM

Whitesburg, Ky., Jan. 24.—Bronson Waddell, charged with the murder of Emory Webb, soldier, at Cowan Branch last November, was sentenced to serve fourteen years in the penitentiary. The testimony showed that Waddell killed Webb in a dispute over some apples the soldier had brought from across the mountain. Webb's dying statement were entered as evidence. Waddell said after the murder that Webb was his fifth victim, that he had killed four men in North Carolina, his home State.

MRS. WILSON GIVES FIRST RECEPTION SINCE WAR

Washington, Jan. 24.—Mrs. Wilson entertained the ladies of the diplomatic corps at luncheon. It was the first large social function at the White House since the president was taken ill nearly two years ago, and the first time since 1917 the gates have stood open and carriages and motors crowded the driveways as in pre war days.

BABY FALLS FROM SECOND STORY

Bowling Green, Ky., Jan. 24.—Nancy, 2-year-old daughter of J. M. Houghland, oil man, fell from a second story of the Houghland home and was perhaps fatally injured. She was taken to Nashville, Tenn., by her mother and physicians for examination. The father is in Chicago on business.

HORSES SELLING AT \$1; MULES \$10 IN GEORGIA

Washington, Jan. 24.—Horses are selling for \$1 a head, mules for \$10 a head in Georgia, and cotton planters are without funds to pay their bills, Martin Amorous of Marietta, Ga., told the house banking and currency committees.

SUCCESSFUL DEFENDERS OF THE BLUE AND GOLD

Left to right: Douglas Williams, Blanton Ellis, Raymond Robertson, Ozna Shultz, Jr., Virgil Crowe and Earl Bartlett. Left front: Prof. Roy H. Foeman, Coach.

May we introduce to you Coach Foeman and the defenders of the Blue and Gold, the colors of Hartford High School? This team has played eight games with High Schools this season and has lost only one. This defeat was by the Clarkson quintette, one of the fastest in Western Kentucky, but they won by only one point, the final score being 28 to 27.

Two to one is the Hartford team's average and their goal. In their games this season they have made a total of 294 points while their opponents made a total of only 110.

The last game played on the local floor was on Friday night, Jan. 21 when these boys met the High School team from West Louisville. The visitors were fine looking fellows and indeed a formidable foe. They fought hard throughout the game but were compelled to bear to their schools the sad news of their defeat by a score of 33 to 15.

Next Saturday night, Jan. 29, the team from Shepherdsville will appear to meet and be defeated by Hartford's faithful speedsters. The game will be one of great interest to all for it will be a race from start to finish. The visitors recently defeated St. Xavier which previously defeated Louisville High, so it is predicted that this will be the hardest fought game of the season. However, we have no fear of a defeat as the Hartford players will work hard, fast and in perfect unity. If every man plays to win and exerts every ounce of strength in him until the final whistle blows victory will again perch on Hartford's banner.

UNDERGROUND CATHEDRAL RIVALING MAMMOTH CAVE

Contains Human Skeleton Which
Authorities Say Is That Of
Aborigine

Munfordsville, Ky., Jan. 29.—In newly discovered galleries a human skeleton was discovered Monday in the great Crystal Cave in Hart county. A great underground cathedral which, it is said, will rival the wonders of Mammoth Cave, was discovered coincident with the discovery of the bones.

An avenue half a mile long, almost as level as a boulevard, was found by the explorers. Here a dome rises 200 feet above the bed of the cave. It was on a terraced ledge above the floor of the newly discovered gallery that the skeleton was unearthed from beneath a pile of drift.

Floyd Collins, on whose farm the cave was found three years ago, discovered the skeleton and subterranean galleries.

Overturning a huge boulder which blocked the passageway, he thrust a torch into the aperture and crawled through into a great passageway and there found the bones.

A Cave City doctor pronounced the skeleton that of an Aborigine, perhaps a race that preceded the Indians in Kentucky. No white man is believed to have ever before traversed the grotto.

The newly discovered avenue has been named Anyx avenue by the citizens of Cave City who have visited the place in crowds.

Many miles of smaller avenues which may disclose new wonders have not yet been traversed.

The cave is about eleven miles from Cave City and is near Green river. It is nine miles from the main entrance of Mammoth Cave, but is believed to be a distinct cavern.

SPECIAL GUARD FOR HENDERSON BANK

Henderson, Ky., Jan. 22.—The first precautionary measure against crime that has not yet reached Henderson, but sweeping the country elsewhere, has been taken by the local banks in the appointment of H. W. Denton as special officer to watch the banking institutions of the city during the night hours. Mr. Denton was regularly appointed by Mayor Johnson, whose action

was approved by the city council, and his services as special policeman will be maintained by the banks.

The appointment of the special officer does not mean that the crime scare has struck the city, but that the bankers feel that it is safer to protect their institutions in behalf of patrons. All of the local banks are burglar-proof in the general sense of the word and are not the least inviting to yeggs.

RELATIVES, IN FIGHT, SHOT WITH SAME PISTOL

Lexington, Ky., Jan. 22.—Two brothers and the father-in-law of one of them, all wounded with the same pistol in a fight following a family quarrel, were brought here from Breathitt County and placed in hospitals, where it was said two of the men are in a serious condition.

The shooting occurred Tuesday afternoon near the Mobray & Robinson lumber camp at Buckhorn, where the men live.

"Hop" Davis, 69 years old, shot his son-in-law, Edward Tharp, 37, when Scott Tharp, 27, went to his brother's assistance. During a scuffle for the pistol Davis shot Scott Tharp, according to information received from Breathitt County. The wounded brothers then succeeded in gaining possession of the pistol, when Davis was shot by his son-in-law.

Davis, it is said is thought to be of unsound mind.

Each of the brothers was shot in the abdomen and Davis was wounded in the abdomen, the right arm and one bullet passed through one of his fingers. The condition of the brothers is considered serious.

GOOD BARN BURNS

A good barn on the lower farm of Mr. Estill Howard, near Adaburg, was totally destroyed by fire last Wednesday night Jan. 19. Fortunately the barn was empty at the time. The loss is estimated at \$1000, with only \$500 insurance. The farm on which the barn was located is under the management of Mr. Charlie Baughn and it is believed that sparks from the chimney of the nearby residence occupied by him caused the fire.

MEXICAN DAMS BREAK 100 LOSE LIVES

Many Of the Deaths Are Caused
By Drinking the Poisoned
Water

Mexico, City, Jan. 21.—More than 100 persons were drowned, and 200 others injured in a disaster at Pachuca when two dams about the city broke and torrents of water swept through this big mining center.

One thousand were rendered homeless. Several mines were flooded and it is believed the death list will be added to considerably when the shafts are cleared. The dams that held back the water were used in the chemical treatment of ores and many deaths were due to the victims being poisoned by swallowing this water.

A singular feature of the disaster was that the two dams broke simultaneously. The reason has not been discovered.

Most of Pachuca's scores of mines are on a high level, but four of them on a lower level were immediately flooded while the men were working in them.

\$100,000 MAIL BOOTY HIDDEN IN EGG CRATE

\$76,600 Also Seized in Two Mt.
Vernon Garages Owned
By Preacher

Mount Vernon, Ill., Jan. 24.—Virtually all of the \$185,000 obtained in the theft of thirty-one packages of registered mail here was recovered by postoffice inspectors in several raids in Mount Vernon.

One of four persons arrested on suspicion of complicity in the robbery is the Rev. G. Kyle, former rector of the Free Methodist Church here.

Postal inspectors said approximately \$100,000 was found in an egg crate at the home of the Rev. Mr. Kyle, the majority of which was in \$20 and \$50 bills. In addition, about \$75,000 was confiscated in one garage and about \$1,600 in another. Both garages are said to be owned by Loren Williamson and the Rev. Mr. Kyle.

Williamson also is being held, but postoffice inspectors announced it was information furnished by him that led to the raids.

One of the garages is about 100 yards to the rear of the postoffice.

Four sacks containing registered mail, are believed to have been taken from a wagon on which they were placed for delivery to a railroad station, when the driver entered the postoffice to use a telephone. About \$27,000 in negotiable securities also was obtained.

The money was sent here from Chicago and St. Louis for use in making up payrolls at coal mines.

The Rev. Mr. Kyle declared he had nothing to do with the robbery, and asserted the first he knew of the money was when postoffice inspectors found it.

"Someone placed the money in my home and in my garages to discredit me," he said. "I am absolutely guiltless. I was the most surprised man in the world when the inspectors found the money."

Postoffice Inspectors Hitchcock, Rider and Gould questioned the Rev. Mr. Kyle several hours, but said he maintained he was innocent.

FORMER OHIO COUNTY BOY KILLED IN GRAHAM MINES

Marvin McCrocklin, was killed while working in the mines at Graham, Ky., last Saturday afternoon. He fell from an electric car onto the track and three or four cars passed over his body. McCrocklin was about 25 or 26 years of age and the son of Mr. and Mrs. Albert McCrocklin, who formerly lived in Hartford. The deceased was born in this city and lived here until he was about 8 years old. He has many relatives in this section. Burial occurred Sunday afternoon.

MORE HOME MEALS URGED TO CUT RESTAURANT COST

Philadelphia, Jan. 24.—Frank B. McClain, former Lieutenant Governor and at present Fair Price Commissioner of the State, advocated more home meals as a means to bring down restaurant prices. He made this suggestion after a conference with restaurant men in which he said they refused to reduce prices in conformity with wholesale reductions.

"THE TRAIL OF THE LONESOME PINE"

The millions who have read Mr. Fox's fascinating novel "The Trail of the Lonesome Pine," will be even more delighted with this charming play which comes to the Ideal Theatre Beaver Dam, on Saturday January 29. It exhales all the fragrance and romance of the Virginia Hills. The play is not only the light of an inspiration but it is one of the most realistic and picturesque products of stagecraft ever seen, for the beauty of nature and breadth of romance are found in the story; and you must know the "June" that so many people have read about all over the world. Her story, her life, has irresistible appeal to young and old throughout Occident and Orient. It has enthralled people in half a dozen languages. It is hard to estimate how many men, women and children have followed the little barefoot girl from her cabin in the hills through all the vicissitudes of her fight for love over feudalism, and not one can afford to actually miss seeing what their imagination pictured. For June there were Fairies and to her the trees and flowers and rocks and waterfall spoke in a certain language. Her abundant hair is of lustrous gold, and the wind and sun have given incomparable color and complexion to the features which were more than beautiful because they form the mirror in which her heart is shown. And in this mirror by turns there appears sweetness, courage, pride, love, hate, music, poetry, calm, passion peace and desire. You will see "June" as she sits at the foot of the pine and draws her knees up with her arms clasped around them and you will listen to the simple story of her simple life as she tells it to Jack Hale. You will see the lights and shadows come and go on her face. Light of joy, shadow of sadness, play in her eyes and on her lips as she tells him of how her sister, speaking through the pine, counsels her to seek learning. Moreover when the name Falin passes her lips, you will see that the spirit of the Feudist is strong within her for "June" loves her father and hates the Falins. A magnificent production and a splendid cast headed by Louise Price as June.

OBITUARY

John Valentine Britton, native of Ohio, passed away at his home in Salinas, Cal., at 5:20 p. m. Jan. 8, 1921. After two weeks of illness, he was on the road to recovery, when suddenly stricken with pneumonia and in a few hours the spirit left the body to be with Him who gave it.

His early boyhood days felt the hardship of the civil war inasmuch as he was the eldest of the family of six children when his father was called to fight for his country, taking upon himself the responsibility of the home, thus fighting for his country and supporting his mother and younger children.

In early manhood he began his work in the Spreckles' Sugar Refinery in Philadelphia and continued in their employ until death, spending five years for them in the Sandwich Islands and over twenty years in Salinas, covering a period of 50 years.

He took unto himself a bride, Miss Birdie Nalle, of Hartford, Ky., they made their home in Salinas over twenty years. Unto them was born a daughter, Marian Arline Britton. She and her mother are left to mourn this awful loss of a faithful father and husband. Five brothers and one sister also survive to mourn the loss of a faithful brother, whose council and wisdom was always sought. Mother, father and sister had gone on before to welcome him into the mansion God had prepared for those who love Him.

The spirit of Christ was ever manifest with that divine love that never faileth, never too weary to lend a helping hand to the least of his fellow men who were in need.

Jan. 17, 1921.

Dear Editor: As I am now located where I intend to stay a while, I am enclosing my check, as I promised to do, for a year's subscription to the Herald. I have gone without it for some three months recently, and I find it a pretty hard proposition to keep up with what happens in Ohio County without the weekly issues of your valuable paper.

I have an office with the law firm of Wright and McElroy; and, if the oil business continues—and there is nothing to indicate that it will not—I see no reason why I should not do pretty well here from the beginning.

People who have not visited this section of the state recently have no idea of the extent of this oil business. It is an enormous thing, and brings good results to everybody except the occasional farmer who trifled away his royalty and holds nothing but his live stock and farm products. Maybe the men who take charge of affairs on March 4 can help him. They SAID they could, and I hope so, at least.

Respectfully yours,
CHAS. R. BELL.

"Wake stummick nawthin'," answered the Irishman. "O'm throwin' as far as anny man on this side of the ship, mum."

Clean Out Fence-Rows

Clean fence-rows make a farm look prosperous just as a fresh collar and a new tie give a man a well-groomed appearance. If your fence rows are not clean, it will pay to read the following editorial from the Southern Agriculturist:

About the best wages a man can make are earned by cleaning out old fence-rows, especially along the public road. This can be done at odd times when other work is not pressing; but even if something else must be left undone it pays to do it. Aside from the money value it adds to the farm is the satisfaction that

comes from the trimness of the place you live in. It adds as much to a man's respect for his farm as a clean shirt and Sunday clothes add to his respect for himself. It is catching, too; if you clean up your fences probably your neighbor will do the same with his.

Ford

THE UNIVERSAL CAR

THAT MIGHTY SERVICEABLE TRUCK

There is this about the Ford one-ton truck that keeps it growing in popularity, namely, the good reports which the owners of Ford trucks spread abroad among their friends and acquaintances.

There is no testimony of merit quite so strong as the testimony of personal experience. It is not long after a Ford one-ton truck is sold in a community until other sales of the same truck follow, because "its works do follow it."

Well, "there is a reason." Yes, there are many reasons. The Ford one-ton truck was built to serve and to satisfy. It carries all the Ford virtues; lightness in weight, simplicity in design, strength in construction, flexibility and durability—besides it has the lowest first cost and brings the lowest operating expense in the truck market.

It is just as useful; just as necessary on the farm as it is in the city. It is just as necessary to the tradesmen, manufacturers, contractors, commission men and others in the city as it is necessary for such concerns to have a place to do business in—in other words, the Ford truck is a general utility, and because of this fact and the further fact of its universal economy it is in a class by itself.

We will be glad to take your order for one or more Ford trucks and will give you fairly prompt delivery. You will likewise have the assurance of that reliable and economical after-service which is such a valuable factor in the service of Ford cars. Price, truck chassis \$545.00, f. o. b. INTERNAL COMBUSTION ENGINES

That internal combustion engines such as are used on tractors and automobiles are not complicated when analyzed in a systematic way is the statement of Earl G. Welch, extension specialist in Farm Engineering from the College of Agriculture, University of Kentucky who will conduct a two-day tractor school in Ohio County, February 21 and 22. The school will be held at Beaver Dam, Ky. under the auspices of the County Agent M. L. McCracken, the college of Agriculture and several local agents and tractor companies who are co-operating. The school will be conducted free of charge for all farmers in this county who care to take it.

A systematic study of all parts of the internal combustion engine will be one of the features of the school, according to Mr. Welch. The mechanical system, the carburetor system, the cooling, ignition, air and gas, lubrication and governing systems will all be explained in detail to those taking the course. Illustrated lectures will be given on the various subjects after which those enrolled in the course will be allowed to study the systems on representative types of machines which will be available.

All work connected with the school has been designed to make prospective owners and present owners of tractors more efficient operators. All phases in the care and operation of tractors will be given full attention both in lectures and laboratory work.

Full particulars concerning the course may be obtained from County Agent, M. L. McCracken.

Make Manure Count

Fertilizers are high priced so make your manure count. The following suggestions taken from a late issue of the Southern Agriculturist are well worth while:

On thin and medium land one of the best places for a light coat of manure is on the wheat. It increases the yield of grain and makes the chances for grass and clover much better.

Another very profitable place to spread the manure is on the young grass and clover in the meadow.

Land to go in potatoes should be manured before New Year's if possible, and certainly a month ahead of planting.

Late in the spring a good place to put the manure is on thin places in the pasture. This is after it is too late to put on the land that is to go

in potatoes, corn, etc.

However, no great accumulation should be allowed in the barns if it can be avoided, as it should be hauled promptly and spread on some field.

If the manure is so weedy that it is objectionable, put in a large well-packed pile and let it heat. This will kill the weed seeds but, of course, waste some fertility.

Farm Bureau News

Union County Farm Bureau, with headquarters at Morganfield has reached second place in membership in Kentucky having a membership close to the six hundred mark. Jefferson County holds first place.

Six hundred members is unusually large when it is taken into consideration that the farm population of Union County tenants and owners, is only 1300. In the past few weeks renewals of membership have totaled 202 and every day adds to the number.

In the matter of coal alone, farmers were refined their membership dues, plus a handsome dividend besides.

From twenty-six to sixteen cents, tells the story of coal in Union County. Coal operators were asking twenty-six cents and for awhile stubbornly held to that price. Then the Committee from the Farm Bureau went to work in earnest and the price went down finally to eighteen cents, where it hung for a short time and then reached the sixteen mark.

In the same section of the State, in a nearby county, where there is no Farm Bureau organization, coal opened at 28 cents, went then to 33 cents and then to 38 and finally touched 40 cents and has remained there up to the present moment and not so much as a hope of reduction held out.

With a Farm Bureau at work, down—down—down—came the price and where there was no Farm Bureau, the trend was reversed up—up—up—went the cost of coal.

Four thousand dollars was asked of the Fiscal Court by the Union County Bureau and the request unanimously granted. This money is for the use of the Farm Bureau and extension work during the coming year. The Bureau had enough money to ask 'the limit' but did not do so.

Coal was only one of many activities of the Union County Farm Bureau; its other work covering almost every phase of better farming and better farms and better farm homes.

The Bureau has equipped a comfortable, though small, quarters, fully supplied with all the furniture and office fixtures to expedite the work of the office. It has in the bank \$2527.71.

A. R. Long, is President; J. M. Riddle, vice-president; J. A. Sugs, Jr., treasurer; A. M. Allen, County Agent and (Mrs.) M. J. Houston, Demonstration Agent.

Eighty Enrolled In Short Course

Lexington, Ky., Jan.—Eighty young men were enrolled in eight weeks short course in agriculture which is being given by the State College of Agriculture at the close of the enrollment, according to an announcement made by Dean Thomas Cooper. The list of those taking the course includes 3 ex-service men who are receiving the work by the co-operation of the state Y. M. C. A. and the state college three federal board students and 14 regular shore course students. One of the federal board students is from West Virginia, another from Indiana and the other from Kentucky.

True Shape HOSIERY

To thousands of discriminating women absolute hosiery satisfaction has been summed up in one number—TRUE SHAPE No. 564. If you haven't worn TRUE SHAPE No. 564, ask us to show you these stockings—and then please take note of these features:

FIRST, you will be impressed with its beautiful silky texture—then note the patented "cross-stitch" in the garter top which prevents runs. And while you're examining the "cross-stitch" note the flare top, which makes the stocking so "comfy" where it is often tight and binding. Now look at its shaped and fashioned leg, the narrow, close-fitting foot. And the heels and toes are four-ply yarn. Well—just buy one pair, and then see how easy it will be to always remember TRUE SHAPE No. 564.

WASHINGTON NOTES

(By G. B. Lukens)

While the plan for simple inau-
gural ceremonies is generally con-
sidered wise at this time, little cred-
it for its adoption is given or due
to Senator Harding. His stand on
this proposition was not taken un-
til after much labor had been per-
formed and considerable expenses
incurred arranging for a more
gorgeous and costly inauguration
than had ever been witnessed in
the National Capital. All these
proceedings and plans had the ap-
proval of the President-elect until
public sentiment was aroused at
what some of the Republican mem-
bers of Congress termed as reck-
less extravagance. Many people had
bought or ordered costly costumes
for the occasion, and some disap-
pointedly recall the late Republican
campaign slogan: "Let's be done
with WIBBLE-WOBBLE."

If taking the penal and charita-
ble institutions of Kentucky out of
politics means that they must be
supervised by non-residents of the
State and disciplined as they are
now, according to reliable reports,
then I do not think even the rank
and file of the Republican party en-
dorse that course. The Reforma-
tory at Frankfort was made the
subject of a strong critical report
by a recent Grand jury. Attention
was called to the lax system, and
the report condemned the practice
of allowing convicts to parade the
streets of Frankfort as "trustys".
Some of the worst criminals were
allowed such freedom at the road
camps that it is admitted that a
number of them had opportunity
to murder that faithful school
teacher whether any of the convicts
are guilty of that particular crime
or not.

Here are the names of some of
the "unfortunates," or fortunates,
rather, who have been allowed to
escape with the crimes for which
they were serving sentences:

Harry Ferland, robbery; James
Wiseman, robbery; C. D. Doff,
grand larceny; George Briscoe,
murder; Harry Jones, grand lar-
ceny; Budd Ross, housebreaking;
Ellis Coats, housebreaking; George
Rogers, storehouse breaking; Sam
Jones, store breaking; Irvine An-
derson, murder; James Kenman,
grand larceny; Prince Ellis, house
breaking; Dan Parker, malicious
shooting; Colonel Sanders, house
breaking; C. H. Smith, murder.
These are some of the "unfortu-
nates" that had to be handled so
tenderly that it was necessary to
send to New York to get a Superin-
tendent with a heart soft enough to
hold the job under this Republican
non-partisan Board.

Now, if Ohio County Republican
leaders approve such elimination
from politics, why do they not apply
the process to Ohio County where
they have full power? What about
the Ohio County alms house? Has
that been subject to the spoils sys-
tem? Until I am convinced that a
man without any politics, is more
honest or more humane than one of
settled political convictions, I can
not prefer a non-partisan board ap-
pointed by a partisan Governor.

ROY H. FOEMAN CANDI-
DATE FOR COUNTY CLERK

In another column of this issue
will be found the announcement of
Roy H. Foeman as a candidate for
Clerk of the Ohio County Court,
subject to the will of the Republi-
can primary Aug. 6, 1921. Mr. Foem-
an is a splendid young man hav-
ing obtained an education under ad-
verse circumstances and then taught
in the schools of Ohio County for
the past eight years. By close
economy he has managed to pur-
chase a good farm upon which he
works during the Spring and Sum-
mer months. At present he is a
teacher in Hartford High School.

Should he receive the Republican
nomination he would add strength
to that party's ticket in the final
election.

SEP T. WILLIAMS ENTERS RACE
FOR COUNTY COURT CLERK

Mr. Sep T. Williams this week
enters the race for the Republican
nomination for Clerk of the Ohio
County Court. He made the race
for the nomination eight years ago
and although defeated made a very
strong showing.

He comes of a family who have
always been staunch supporters of
the Republican party, and is one of
the county's best known farmers
and business men. If he should re-
ceive the nomination he would
make a candidate hard to defeat in
the final election.

WORTH TICHENOR ANNOUNCES
FOR RE-ELECTION AS JAILER

In this issue will be found the
announcement of Worth Tichenor
as a candidate for re-election to the
office of Jailer of Ohio County sub-
ject to the Republican primary,
Aug. 6, 1921. Mr. Tichenor has
occurred this office during the past
four years and has received many
compliments for the capable way in
which he has fulfilled the duties
thereof.

Believing that he has performed
the work of this office to the satis-
faction of his constituents, he feels
that it is but just that he be retain-
ed another four years. If nomi-
nated Mr. Tichenor will make the
Republican party a formidable
candidate against any who may op-
pose.

RESPECTED CITIZEN DEAD

Mr. Charles Ferree Boswell, of
near Narrows, one of Ohio County's
best citizens, died at the Deaconess
Hospital in Louisville, Jan. 19, 19-
21. He was nearly 63 years of
age. For the past several years he
had been suffering from stomach
trouble but gallstone was the im-
mediate cause of his death. Be-
coming seriously ill of this malady
he went to Louisville and after an
examination an operation was
thought best but he became grad-
ually weaker and the operation was
abandoned.
The funeral was conducted Fri-
day Jan. 21 by Rev. Gillette, pas-
tor of Mt. Vernon M. E. church of
which the deceased was a consist-
ent member. Burial occurred at
Mt. Vernon the same day.

IN LOVING MEMORY

Charles Ferree Boswell was born
near Narrows, Feb. 27, 1858 the
son of Mr. and Mrs. Nathaniel Bos-
well and departed this life Jan. 19,
1921, and was 62 years, 10 months
and 22 days of age. In 1881 he
married Miss Sarah Ellen Bean,
daughter of Mr. and Mrs. C. X.
Bean, and to them were born two
sons, Alec P. and Wayne, who now
live near Dundee, and five daugh-
ters, Verna, now Mrs. Calvin Loyal,
Narrows; Iva, now Mrs. James
Galloway, near Narrows; Anna,
now Mrs. Thurman Woosley, near
Narrows; Eutha, now Mrs. Delmar
Adams, Louisville; and Mary, now
Mrs. Carmon Powers, Louisville.
Besides the children he is survived
by his widow, two brothers, Thom-
as Boswell, near Narrows and Na-
thaniel Boswell, Horse Branch, and
one sister, Mrs. E. P. Foreman,
Hartford.

Many years ago he professed reli-
gion and joined Mt. Vernon Meth-
odist church where he remained a
consistent member until the end.
He was a member of White Oak
Camp W. O. W. at Olaton. As a
companion he was faithful and true,
as a father firm but kind, as a
friend and neighbor, always willing
to lend a helping hand. As a pro-
gressive citizen and one who al-
ways stood for the right he will be
missed from the community; as a
loving companion, father and neigh-
bor his loss would be almost more
than his dear ones could bear
except for that great consolation
that he is now enjoying the eternal
happiness of that home whose
builder is God and that by follow-
ing the straight and narrow way
they will some day be with him in
that mansion where partings and
sorrows are forever unknown.

A FRIEND.

ADVERTISING IN THE COUNTRY WEEKLY

Advertising in the country weekly is the most valuable advertising in the world. Expert advertisers say it is not only the most valuable but the most scientific advertising in the world. Advertising in the magazines has to be general, for the reason that the average magazine that you receive today was set in type several weeks ago, and the advertising copy was probably prepared several weeks before that. This means that advertisers in the magazines have to anticipate conditions several weeks in advance of the time the copy is prepared.

This is not so with advertising in the country weekly, for the country weekly has the advantage over the magazine in that the weekly circulates in a comparatively small territory and the name of the merchant or the business man who is selling the goods can be placed in the advertisement. This is impossible in magazine advertising, which covers sometimes the whole nation.

The weekly newspaper also is considered the best advertising medium in the world by expert advertisers for the reason that it has a more intimate association with the family than a magazine or a daily newspaper.

No local merchant can afford not to advertise in weekly newspapers of the better class. It is a sad commentary upon small town business men that they don't see the advantage to them of carrying an advertisement in the small town paper every single week. Such an advertisement is the cheapest salesman that the merchant can employ.

The money spent in advertising in the better class of weekly newspapers is an investment and not an expense; and it is the best-paying investment that the merchant can make; but not one in a thousand publishers of the weekly papers is compensated anywhere near what he is worth to the merchants and to the community in which he lives and to whose interests he dedicates his life. Every editor of a weekly newspaper is constantly working in behalf of every merchant in his community, whether that merchant patronizes the local paper or not; but every merchant of every community, unfortunately, does not have the business common sense and the business foresight to see that it is to his own personal advantage to help support the country editor by advertising—telling the people in the newspaper what he has, how it can be used and what it costs.

A Week's Experience

The year had gloomily begun
For Willie Weeks, a poor man's Sun

He was beset with bill and dun,
And he had very little Mon.

"This cash," he said, "it won't pay
dues,
I've nothing here but ones and Tues

A bright thought struck him, and he
said,
"The Rich Miss Goldrocks I will
Wed."

But when he paid his court to her,
She hissed but firmly said, No Thur.

"Alas," said he, "then I must die!"
His soul went where they say souls
Fri.

They found his gloves and coat and
hat,
And the coroner then upon him Sat.
—Southern Bulletin.

Promise

"How should I manage a cam-
paign?"

"Promise anything."
"I mean to win a girl—not office."
"The same rule applies."—Louis-
ville Courier-Journal.

No Matter

"Shall we have the play in three
acts or four acts?"

"It doesn't matter now."
"Huh?"

"There's nothing to go out be-
tween the acts for."—Louisville
Courier-Journal.

He Got the Spirit

There's a suburban home whose
owner's principal delight is in keep-
ing it spic and span. After dinner
he and a guest were smoking on
the front porch. The guest, after
lighting his cigar, threw the burned
match to the ground.

"Oh, I wouldn't do that, George,"
said the host.

"Why not?" asked the guest, sur-
prised.

"It spoils the appearance of a
place," was the answer. "It's just
those little things that make a place
look bad."

The guest smoked his cigar in si-
lence for minute. Then, without a
word, he got up from his chair,

walked down to the road and dis-
appeared. He returned in a short
while and his host asked:

"Why, where have you been,
George?"

"Oh, I just went down to spit in
the river," said George.—Everybo-
dy's.

Unexpected Reply

"Woodman, spare that tree,"
cried the poet.

"All right. No more wood pulp,
no more paper, no more poetry."—
Louisville Courier-Journal.

Dangerous Height

Baby's Mother—"What do you
think of the new nursemaid, Geo.?"

Baby's Father—"She looks capa-
ble, my dear; but she is so terribly
tall. Think what a distance poor
baby will have to fall when she
drops him!"—Answers.

Luring Him Back

"There are a great many 'human
interest' stories to be found in the
'want' advertisements."

"Well?"

"For instance, here's one in which
Mary says: 'Come home, John,
I've sold the poodle.'—Birming-
ham Age-Herald.

That Account's for it

Customer—"That veal you sent
was spoiled."

Butcher—"Spoilt, ma'am? I
can't understand that, unless it
came from a calf that was petted
too much."—Tit-Bits.

The Truth About It

Inquiring Son—"Papa, what is
reason?"

Fond Parent—"Reason, my boy,
is that which enables a man to de-
termine what is right."

Inquiring Son—"And what is in-
stinct?"

Fond Parent—"Instinct is that
which tells a woman she is right
whether she is or not."

Found in His Car

"Every day I find something new
about my car."

"So do I. This morning I found
three hairpins and a powder puff."

New View

Mrs. Grimm—"And so you are go-
ing to be my son-in-law?"

He—"By Jove! I hadn't thought
of that!"

Was in a Hurry

"You seem very attentive to that
soap box orator."

"Yes," replied the man who wor-
ries about fuel. "He is standing
on the makings of a fine bunch of
kindling wood."

Just a Street-Car Drizzle

She (getting ready for theater)—
"Is it raining?" He—"Not a taxi
rain."

There was a little hen and she laid
a lot of eggs;

She hatched 'em into chickens with
feathers on their legs!

The chickens grew to pullets, as
such like chickens orter,

And each sold down in the market
for two dollars and a quarter

An Optimist

Let poets sing their lilting song
And gayly smite the lyre;

Give me the man who whistles while
He's putting on a tire.

The Press

It's wonderful to think about
The power of the press.

It tells us what the statesmen say
And how the ladies dress,

What's on at every movie show
And who is going wrong.

Without this monitor and guide
We couldn't get along.

Not Experienced

Bride—"Is there any age at
which children cease to be a care?"

Nonagenarian—"I can't say. My
oldest is only 70."

Easy to Do

Maggie—"What, you back here?
I thought you had fallen into a for-
tune!"

Henry—"I did—and went right
through it!"

The Lucky Fifth

"Nice children you have. What
is this?"

"The fifth."

"He seems to be the healthiest-
looking of the lot."

"Yes, by the time he came along
his mother had run out of theories."

Still Doing Business

Mrs. Trotter—"Yes, we're just
back from Colorado. We've been
up to the top of Pike's Peak."

Mrs. Homebody—"Dear me! I've
heard my father speak of going up
Pike's Peak when he was a boy. I
had no idea they still had it out
there."

But Not the University

Mrs. Edwin was showing Selma,
the new Swedish maid, "the ropes."
"This," she said, "is my son's room."

He is in Yale.

"Ya?" Selma's face lit up with
sympathetic understanding. "My
brudder ban there, too."

"Is that so? What year?"

"Ach, he ban got no year, da
judge just say, you Axel, sixty days
in yail."

A Proverb Exploded

"Perseverance always wins."
"Oh, I don't know about that.
What about the hen on the china
egg?"

Remember the war cost billions.
Your income tax for 1920 helps to
defray part of it.
